

**quality plumbing**  
THERE'S ONLY ONE QUALITY PLUMBING

We want you to know that Quality Plumbing is open and we are taking all of the CDC precautions to serve your plumbing needs while our community is dealing with the effects of COVID-19.

These include:

1. Service technicians practicing social distancing
2. Frequently washing hands with soap and hot water for 20 seconds.
3. Using an alcohol-based hand sanitizer.
4. Sanitizing surfaces in our office daily.
5. Not shaking hands.
6. Wearing protective equipment when in customer's homes and offices while performing work.
7. Trying to have as little direct or physical contact with others as possible.

If you have any questions or concerns, please contact us at any time.
